Schoenstein Open House

Benicia, CA – Please join us on Sunday, April 7, from 2-5 p.m. for an Open House at our Benicia plant. One of the largest instruments in our history is under construction for installation this summer at The Basilica of the National Shrine of Mary, Queen of the Universe in Orlando, Florida. It is a symphonic organ of four manuals, eight divisions, 70 voices, 86 ranks. It features an extensive Solo division including some theatre organ-style stops and a large Gallery division with eight string ranks. The instrument with its two 32' stops is too large to set up completely in the factory. Visitors will see and hear the Gallery and Solo divisions as well as others in process.

Schoenstein & Co. is located at 4001 Industrial Way, Benicia, CA 94510. Telephone (707) 747-5858. Ample parking is available.

Directions: *From I-80:* At Vallejo, take I-780 east towards Benicia. After East Fifth St exit, get into right lane and exit onto I-680 North (Exit 7A). *From I-680:* At Benicia, take the Lake Herman Road exit (Exit 61). Go east (toward the water) on Lake Herman Road and cross the railroad overpass. Take the first right onto Industrial Way and go 1.3 miles. The plant is on the right just past a curve – look for the 42' tall erecting room!
