SIERRA CHAPTER ATOS PRESENTS

DAVID GRAY AT THE BLUE BARN  
HARMONY WYNELANDS

9291 HARNEY LN Lodi, CA

SUNDAY, APRIL 10 2:00 PM

INDOOR ADMISSION - \$15

David Gray was born in Glasgow, Scotland, in 1990, and first showed an interest in music at the age of four. He taught himself to play the piano by ear and his first lessons followed a year later. At the age of 13 he began attending St Mary's specialist music school in Edinburgh with a principal focus on piano, but also started studying classical organ in St Mary's Episcopal cathedral with Simon Nieminski.

Around this time, he had his first encounter with theatre organ; the first instrument he ever played was a 3/8 Compton organ in Glasgow. With the help of Duncan Sinclair from the Scottish Cinema Organ Society, he began learning to play the instrument and in 2005 won the *ATOS Young Theatre Organist of the Year* competition. This led to great acclaim internationally for his skills as a theatre organist. He has made many appearances in the UK and was the recipient of the *Ian Sutherland Award* from the

Cinema Organ Society and the *Dean Herrick Memorial Cup* from the ATOS London chapter.

Towards the end of his high school studies, David chose to stop playing and studying classical organ as there simply was not enough time to do everything, but he kept the theatre organ going as it is *just too much fun and enjoyment* to ever let go of!

Since 2008 David has been studying piano on an undergraduate program, with a full scholarship to the Royal Academy of Music in London. His teacher is renowned pianist Hamish Milne.

In time between lessons and exams, he remains as active as possible on the theatre organ scene.

## About the Harmony Wynelands Robert Morton Organ

Bob Hartzell, former president of the California Winegrape Growers Association, is the proud owner of the 2/11 Robert Morton that was originally installed in San Francisco's Castro Theatre. The organ was removed from the theatre by Dave Schutt and Ron Downer in 1962 and later purchased by Charlie Davis of Concord. Davis made several changes to the organ including replacement of the original two-manual console with a three-manual console from a theatre in Provo, Utah.

Hartzell purchased the organ in 1987 and his son, Mark, designed a new building to house the organ. The building,

set in the middle of Bob's private vineyard, looks like a picturesque blue and white country barn, but the interior is no barn! It's a wonderful organ studio, 30' wide by 60' long with a 30' high beamed ceiling and is complete with guest quarters for visiting artists.

The organ was featured for fifteen years at the highly acclaimed Morton Madness concerts.

## Scheduled Practice Sessions

Our chapter hopes to present scheduled Practice Sessions on the **George A. Seaver memorial organ at the Fair Oaks Clubhouse** in coming months. We wish these times to be enjoyable experiences for our members of all talent levels, from beginner to advanced. We encourage our members to give it a try.

Our agreement with the Fair Oaks Recreation & Parks District allows us to have practice sessions on Sunday afternoons when the Clubhouse is not rented out. Because we expect to get dates for Practice Sessions on short notice, it

may not always be possible to include that information in *The Organ Spiel* in time to alert our members. With that in mind, we ask members interested in participating to contact Board Member **Charlie Metcalf**. He can create a list of interested members and can reach out to those who wish to have the practice time on our Theatre Pipe Organ. That list will also be needed to alert members in the event that a last minute rental "bumps" us out of the building for a particular practice date.

Any members having interest, questions, or comments please contact: **Charlie Metcalf**  
**209-595-9429** or email [95350man@gmail.com](mailto:95350man@gmail.com).

## Il Tempio di Musica Presents Main Street Souvenirs with Scott Kirby Pianist, composer, visual artist

Kirby has served as Musical Director of the Scott Joplin Ragtime Festival in Sedalia, MO, and of the Rocky Mountain Ragtime and American Music Festival in Boulder, CO, as well as director of the San Juan Islands Ragtime Institute. Admired by fellow pianists including George Winston, and hailed by Time Magazine as an "ace pianist," CBS News' Charles Osgood agreed that "...Critics call Scott Kirby one of the best interpreters of ragtime music on the scene today."

Main Street Souvenirs is a multi-media stage performance featuring live piano music, a spoken narrative, and a video presentation. This visual "projected" dimension of the program will accompany both the narrative and the music throughout, and will consist of Kirby's

original artwork, his video footage, his photography, and archival photos. The narrative, also written by Kirby, reflects a thematic progression, weaving different concepts about small town American life together with musical, visual and literary examples which illustrate these themes. The music in the first half will span 150 years of Americana, including Scott Joplin, Stephen Foster and John Philip Sousa, and continuing up to the present. The second half will feature Kirby's original compositions, paintings, photography, literary excerpts and a narrative all exploring historical and visionary dimensions of the American Great Plains and Prairies.

# PRESIDENT'S PERSPECTIVE—Randy Warwick

Maybe it was the threat of rain, several competing events, or the fact that many members had competing plans, but for the many who did not make it to the **Greg De Santis** concert, I must say you missed a fine performance. With many tasteful, well-played arrangements, Greg played a very enjoyable program with no ciphers from the organ. Also, thanks to **Paul Brown** for bringing his P.A. system with the cool RCA antique microphone that even made my flat voice resonate with mellifluous authority.

bara Harris late last year and the fact that her daughter Bev was brought along into the Chapter as nearly a “babe-in-arms,” **Dave Sauer** is now our longest term member going all the way back to just prior to the Chapter affiliation with ATOS in early 1967. Dave has served in various capacities through the years as treasurer and as the **webmaster** of our very fine website. Many thanks to **Dave Sauer** for his years of service and thanks in advance for many more years to come. (Stu Boyer is still alive and was an early member & organist at the Carl Greer Inn, but is no longer a member).

On another note, with the unfortunate passing of Bar-

### KING OF INSTRUMENTS TOUR

August 14–27 Two week tour

One week tours also available: Aug 14 Northbound and Aug 21 Southbound

The King of Instruments! We'll visit some of the finest examples of this most grand and complex of musical machines on our round trip tour from San Diego to Seattle. We will visit concert organs, church organs, and theater organs. We'll make the same city stops in both directions (except San Luis Obispo), but each locale has many organs of interest, so we won't be visiting the same instrument twice.

We will visit 2-3 organs per city, with demonstrations and a chance to meet the organist. In some locales we are hoping to arrange an organ crawl.

Enroute, our private railcars will be your hotel, and our chefs will prepare an interesting menu, emphasizing fresh, in-season locally grown items.

All guests will have private room accommodations consisting of roomettes, double bedrooms, drawing room, and state-room. Most meals are included, as are hotel at the beginning of the tour and transfers from hotel to train.

We'll be taking [Silver Rapids](#), a roomette-bedroom sleeper and [Silver Solarium](#), a Vista-Dome sleeper-lounge-observation car. As demand may warrant we'll add another sleeper and Silver Lariat, a Vista-Dome diner-lounge.

Along the way we'll have seminars led by notables in the arts of organ performance and organ building. We may even have a 'crawl' or two! Visit [www.calzephyrailcar.com](http://www.calzephyrailcar.com) or call (714) 751-2032 for more information.
