ABOUT THE ARTIST,

♥ H A P P Y ♥
V A L E N T I N E S D A Y

Donna Parker, a native of Los Angeles, California, began her organ studies at the age of 7. Four years later she was introduced to the theatre organ and, at thirteen, began her classical organ instruction with Richard Purvis, Organist and Master of Choristers Emeritus of San Francisco's famed Grace Cathedral.

Donna quickly established a name for herself on the concert circuit as a capable performer for one so young. She made her first recording at 15, was appointed the first Official Organist for the Los Angeles Dodgers baseball team and toured Southern California in concert as a product specialist for Conn Organ Company. While in high school, she appeared at Universal Studios in Southern California, providing holiday season entertainment and by serving as Organist for the Los Angeles Sports Arena, playing for professional ice hockey and tennis teams.

Through arrangements made by George Wright, Donna began studying harmony and arranging with Gordon Kibbee while also studying theatre organ stylings with Lyn Larsen. Donna attended California Polytechnic State University at Pomona, California, majoring in organ. She moved to Phoenix, Arizona, where she performed at Organ Stop Pizza; this began an association that would last for many years, performing at many restaurants around the country.

Donna has actively promoted the theatre pipe organ art form including television appearances on CBS Sunday Morning with Charles Kuralt, PM Magazine, and numerous entertainment news spots. In 1996 she was honored by being named Organist of the Year by the ATOS.

Donna served as marketing manager for Rodgers Instrument Corporation of Hillsboro, Oregon, for almost eight years. She worked in institutional sales representing Allen Organ Company and Steinway & Sons advising colleges, universities and places of worship on how to meet their music program needs. **Come, meet and hear one of the foremost Females of Theatre Organ!**

Peter Richard Conte

A skillful performer and arranger of organ transcriptions, Mr. Conte is the Grand Court Organist of the famous Wanamaker Organ in Philadelphia. When not touring, he performs on that 6 manual pipe organ twice daily.

Come hear him perform in Sacramento!

PRESIDENT'S PERSPECTIVE – CAROL ZERBO

It's Sunday night after Nathan Avakian's concert and, as the Disneyland commercial goes "I'm too excited to sleep". Seventy plus people heeded the January Spiel's admonition to support these concerts or see them fade away. We had people from the Bay area, Petaluma and Reno - some first-timers. *I seriously doubt anyone was disappointed.* This young man has it all - talent, charm, composure.

Nathan had the organ well under control as he presented a varied and ambitious program. Several days of hard work by Dave Moreno, Paul Brown and Bill Gardner insured that the old girl behaved herself. Thanks very much, y'all. Be sure to visit our **YouTube site** to hear some of Nathan's concert, courtesy of webmaster and video-maven **Dave Sauer**. Thanks also to Nathan's host and hostess - **Terry and Sherry Clifton**. As always, they made sure our young artist was well taken care of.

on a very nice note. Speaking of which, our January Spiel featured a request for a computer for the new relay system that will be installed on the Mendenhall Theatre Pipe Organ in the CAM. Bless their sweet hearts - **Dave Molzahn and Eric Parker** responded. All bases seem to be covered now, and my thanks to David and Eric for answering the call. You have true team spirit!

Our next venture will be the bus trip to Berkeley to hear Donna Parker. You will note the date is *Valentine's Day* so treat your honey to a stress free drive, a very entertaining artist, and a nice dinner at the new Brennan's. Details are here and on our website. If you do a quick check of prices on bus tours to get to entertainment venues, you will find that the trips we offer are more than reasonable from both the dollar and the peace of mind standpoint. Besides - it's just plain fun.

trip to Ironstone . Give it a try. Bus Trip...bus trip...bus trip...

Remember - we're back at Fair Oaks on February 21st but this time *you're the star*. Yup - the organ will, once again, be center stage and the audience will have the opportunity to play. It's a fact that home-based theatre pipe organs are few and far between and opportunities to play organs in public buildings are even fewer. Here's your chance! Your audience will be supportive 'cause everybody gets a turn.

Yup - 2010 is starting out nicely. I look forward to seeing y'all at our events. Well -I'm finishing my article in the middle of El Nino's first appearance and it's really stormy out there right now so I'd better get this off before it disappears.

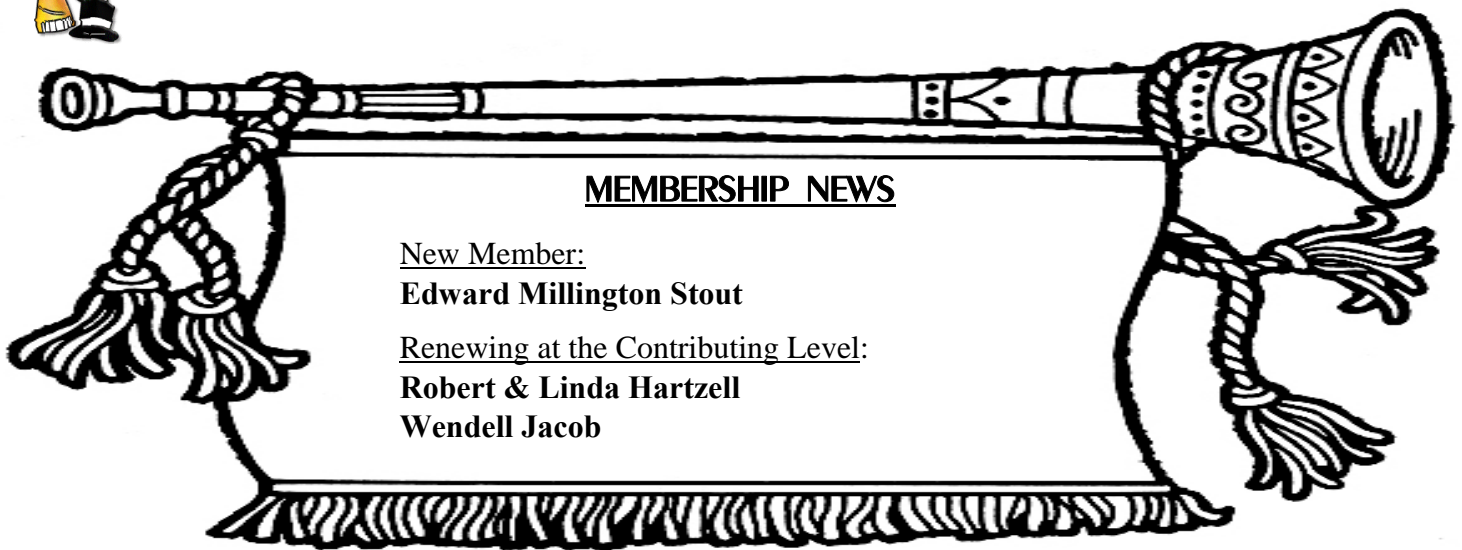

Everybody stay warm, dry, and intact!

Carol Z

I would say 2010 has started

The same goes for the bus
